

# Consultant & Clinical Services Directory 2008/9

**CROMWELL**  
HOSPITAL

## Introduction

---

Welcome to the 2008/9 edition of the Cromwell Hospital Consultant Directory, which will help you to access Consultants and Hospital facilities for the investigation and treatment of your patients. The Directory contains a list of Specialists who work here, but it is not an exhaustive list of all those that have practice privileges. Further information on most of the Consultants listed in the Directory can be found via the Hospital website [www.cromwellhospital.com](http://www.cromwellhospital.com)

You may have noticed that there have been some aesthetic changes to this publication since the last directory, which reflects the fact that there have been some other changes within the Hospital. The Cromwell had a change of leadership in December 2006, and has recently carried out a strategic review including the implementation of five new clinical directorates. The intention behind the new structure is to put strong leadership in place for each of the core services. This will enable us to deliver the high quality of patient care that you expect. Further information on the new Directorates can be found in the next section of this Directory.

Much thought has recently been given to the Hospital's vision, mission and values. Our vision statement "**Excellence in Healthcare**" commits us to achieving the highest technical standards of patient care, and exceeding patient and family expectations regarding comfort and compassion. Our new mission statement is: *To be London's private hospital of choice for UK patients and international referrals.* This will be achieved by all of our staff embracing our values which include: **passion for excellence; mutual respect; personal responsibility and teamwork.**

A clear commitment has been made by our Board and Senior Management to improve infrastructure and service levels, to make the Cromwell your first choice for referrals for patients seeking private care in the UK.

To support this change our website has also been updated with a fresh new look which will be reflected in all of our marketing materials going forward.

For further information about the facilities available at the Cromwell, please contact the National Marketing Department on 020 7460 5900 or visit our website at: [www.cromwellhospital.com](http://www.cromwellhospital.com)

If you have any queries with regard to the above please do not hesitate to contact me or the appropriate clinical directors.

We look forward to being of service to you and welcoming your patients.

Hume Martin  
Chief Executive Officer

## Clinical Directorates

### Cancer

#### Clinical Director:

Dr Ron Beaney MB ChB MD(Glas) FRCP FRCR  
Consultant Clinical Oncologist

#### Programme Manager:

Angela Gurd

#### Contact Information:

Email: [angela.gurd@cromwellhospital.com](mailto:angela.gurd@cromwellhospital.com)  
Tel: 020 7460 5626

#### Areas of clinical responsibility:

- Breast Care & Lymphoedema
- Chemotherapy
- Haemato-oncology
- Medical Physics
- Oncology Nursing & Inpatient Services
- Palliative Care
- Radiotherapy

### Diagnostics

#### Clinical Director:

Dr Mike King MB BS FRCR  
Consultant Radiologist

#### Programme Manager:

Julie Gore

#### Contact Information:

Email: [julie.gore@cromwellhospital.com](mailto:julie.gore@cromwellhospital.com)  
Tel: 020 7460 5506

#### Areas of clinical responsibility:

- Angiography
- Cardiology
- CT Scanning
- Laboratory Medicine
- MRI
- Nuclear Medicine
- Open MRI
- PET/CT
- Radiology

### Family Medicine & Paediatrics

#### Clinical Director:

Dr Vanessa Mooney MD MRCP  
General Practitioner

#### Programme Manager:

Nicola Bowden

#### Contact Information:

Email: [nicola.bowden@cromwellhospital.com](mailto:nicola.bowden@cromwellhospital.com)  
Tel: 020 7460 5894

#### Areas of clinical responsibility:

- Family Medicine:
  - Health Screening
  - General Practice
- Outpatients:
  - Phlebotomy Service
  - Tissue Viability Service
- Paediatrics:
  - Inpatient
  - OPD
  - PICU
  - Theatre & Daycase Surgery
- Therapeutics:
  - Audiology
  - Dietetics
  - Speech Therapy

### Medicine & Critical Care

#### Clinical Director:

Dr John Costello MD FRCP FRCPI  
Consultant in Respiratory & General Medicine

#### Programme Manager:

Christian Kasmeridis

#### Contact Information:

Email: [christian.kasmeridis@cromwellhospital.com](mailto:christian.kasmeridis@cromwellhospital.com)  
Tel: 020 7460 5863

#### Areas of clinical responsibility:

- Critical Care:
  - ITU
  - HDU
- Medicine
  - Cardiac Services
  - Endocrinology
  - Endoscopy
  - Renal Medicine & Dialysis
  - Respiratory Medicine
- Neurosciences
  - Gamma Knife
  - Neurology
  - Neurophysiology inc Audiology & Speech Therapy
  - Neurosurgery
  - Rehabilitation & Therapy

### Surgery

#### Clinical Director:

Mr Nick Theodorou MS(Lond) FRCS  
Consultant GI and Colorectal Surgeon

#### Programme Manager:

Bernadette Bishop

#### Contact Information:

  - Ophthalmology
  - ENT
- Surgery:
  - Breast
  - Gynaecology
  - HPB/GI
  - Orthopaedics
  - Plastic
  - Urology
  - Vascular
- Theatres

## Information for referring Doctors & Medical Users

### Medical Users Website

The Cromwell Hospital website has a dedicated area for Doctors and all medical practitioners. The medical users site is intended as a source of information for both current and prospective users and referrers, with newsworthy items and information on forthcoming seminars and meetings. This area also allows certain users access to Cromwell Hospital's Electronic Patient Records (EPR) and Online Appointments (OA). EPR enables Doctors to view pathology results, radiology reports, clinic appointments and letters of guarantee and OA enables Cromwell Consultants access to view, make and amend their own appointments. To access please go to: [www.cromwellhospitalmedicalusers.com](http://www.cromwellhospitalmedicalusers.com).

### Practice Privileges

Practice Privileges applications are considered by a committee of senior doctors and Hospital management called the Practice Privileges Committee (PPC). Consultants wishing to be granted practice privileges will need to ensure that prior to applying they satisfy the relevant Qualifying Status which can be downloaded via the Doctors Site ([www.cromwellhospitalmedicalusers.com](http://www.cromwellhospitalmedicalusers.com)) or obtained from the Secretary to the Registrar, tel 020 7460 5501. Subsequent to this they should write a covering letter attaching a CV to: The Registrar, Practice Privileges Committee, Cromwell Hospital, London, SW5 0TU.

### Urgent Admissions

To access the on-call service please call the switchboard on 020 7460 2000 and state that you wish to contact the on-call Consultant for the speciality you require. Please note however, that a Consultant may not always be available for that speciality.

### Referrals for Investigations

**To aid the referral of patients for investigations, printed request forms are available from the following diagnostic departments:**

Audiology, Cardiology, Endoscopy, Neurophysiology, Radiology including CT, Mammography, MRI, Nuclear Medicine, PET/CT, Ultrasound and Vascular Scanning.

For copies of these, please contact the relevant department.

**A Direct Access Endoscopy** service is available for Colposcopy, Gastroscopy, Sigmoidoscopy and Helicobacter Breath Test: telephone 020 7460 5605, facsimile 020 7460 5606.

### General Practitioner Service

A General Practitioner Service is available to walk-in patients 9.00am - 6.00pm Monday - Friday and 9.00am - 2.00pm on Saturdays (please see Section).

### Outpatient Appointments/Clinics

Details of our Consultants, most of whom hold regular clinics at Cromwell Hospital are shown in the directory together with their appointment numbers. Most Consultants are available outside of normal clinic times. The Hospital **Appointment Department** number is **020 7460 5700**.

### Inpatient Reservations/Bookings

The Hospital has a dedicated Bed Manager to proactively manage bed occupancy for both scheduled and urgent admissions.

To make a booking for an **Inpatient or Daycase** procedure please contact our **Medical Reservations** team on **020 7460 5701**.

### Medical Insurance Schemes

Cromwell Hospital has arrangements with most insurers. In most cases, bills for outpatient, inpatient, day case and radiotherapy treatment can be settled directly with the insurer. However, some insurance policies do restrict the hospitals that can be used for inpatients or daycase treatment.

Outpatient visits are normally unrestricted but may be subject to an annual benefit claim.

**We recommend that all insured patients confirm their eligibility for treatment with their insurer prior to visiting the Hospital.**

The **Cromwell Breast Care Unit, Specialist Bowel Cancer Unit, MRI Unit and Critical Care** facilities are all **BUPA approved**.

For further information about the schemes covered, please contact Inpatient Accounts on 020 7460 5770.

### Self Pay Packages

For uninsured patients a wide range of competitively priced packages are available in the following specialities:

Breast Surgery, Cardiac Surgery, Ear, Nose and Throat Surgery, General Surgery, Gynaecology, Neurosurgery (inc Spinal), Ophthalmology, Orthopaedics, Paediatrics, Plastic Surgery, Urology and Vascular Surgery.

For further information about Self Pay Packages, please call Inpatient Accounts on 020 7460 5770.

### Further Information

For further information about using Cromwell Hospital or the services available, please contact the National Marketing Department on 020 7460 5900 or visit our website at: [www.cromwellhospital.com](http://www.cromwellhospital.com)

## GP Service

The following General Practitioners hold regular clinics in the Outpatient Department or adjacent to the Hospital in Pennant Mews. A “walk-in” service is also available to patients from 9.00am to 5.00pm Monday to Friday and from 9.00am to 2.00pm on Saturdays.

# Clinical and Diagnostic Services

## Angiography

The Angiography suite has biplane digital technology to produce high quality images. The biplane facility allows for faster and more accurate diagnosis and permits reduced contrast dose. We plan to further enhance the technology with a bi-plane flat plate detector technology which will produce even higher resolution images and reduced radiation dose.

The Cromwell Angiography suite is fully equipped and staffed to handle both complex and emergency procedures. It is the only private hospital in London that can perform neuro, cardiac, abdominal and peripheral interventional and diagnostic studies in one lab. The Department also has the back up of a comprehensive ITU facility.

### Availability:

Monday - Friday  
8.00am - 6.00pm

### Enquiries:

020 7460 5746

### Emergency on call:

Please call main switchboard on 020 7460 2000 and ask for Angiography on call.

### Appointments:

020 7460 5701

### Facsimile:

020 7835 2489

### Head of Department:

Pallavi Patel  
020 7460 5868

### Email:

angiography@cromwellhospital.com

### Services:

- Bi-plane angiography, both DA & DSA
- Coronary and peripheral angiography - diagnostic and interventional
- Gamma Knife neuro DSA
- Hepatic, abdominal, trans jugular intra hepatic portal system shunts, percutaneous cholangiograms etc.
- Cerebral angiography / aneurysm coiling / AVM ablation
- Portocath insertion
- Pacemaker insertion
- D.C. cardioversion

## Audiology

Cromwell Hospital has a committed team of Consultant Audiologists and scientists dedicated to providing a complete audiological service for adults and children. The Department is based in a custom built sound proofed suite of rooms, ensuring that all external noises are screened out. The multi-specialist team provides assessment and treatment of audiological disorders and works closely with the ENT Surgeons based in the Hospital.

### Availability:

Monday - Friday  
9.00am - 5.00pm

### Appointments:

020 7460 5771

### Facsimile:

020 7835 2430

### Reports:

020 7460 5771

All reports are dispatched promptly.

### Head of Department:

Priya Singh  
020 7460 5773

### Email:

audiology@cromwellhospital.com

*Printed request forms are available from the Department.*

### Services:

- Neonatal screening (newborn hearing screening)
- Hearing assessments
- School and industrial screening for hearing loss
- Full vestibular function and neuro-otological investigations with brainstem evoked responses
- Pure tone audiometry and tympanometry for hearing assessments
- Oto-acoustic emissions for children and adults
- Tinnitus and vertigo assessment and therapy
- Repositioning manoeuvre for treatment of dizziness
- State of the art hearing aid provision and fitting
- Speech and language therapy (see Speech & Language Therapy section)
- ABR (air and bone conduction), including frequency specific

## Breast Care Nurse

The service is run by a specially trained Breast Care Nurse and offers support and advice for women throughout the investigation, diagnosis and treatment of all breast problems, particularly breast cancer. The service is available to both inpatients and outpatients.

### Availability:

Monday - Friday  
9.00am - 5.00pm

### Breast Care Nurse:

Corrie Eyberg  
020 7460 5890  
020 7460 2000 bleep 21

### Email:

breastcare.nurse@cromwellhospital.com

*Cromwell Hospital is a BUPA approved Breast Care Unit.*

### Services:

- Lymphoedema treatment and advice
- Support and advice for women:
  - With breast problems following screening
  - Recently diagnosed as having breast cancer
  - Undergoing surgery
  - Undergoing radiotherapy or chemotherapy for breast cancer
- Cancer Recovery Programme

## Cardiology

The Cardiology Department provides a comprehensive range of cardiac investigations as well as providing acute monitoring for all cardiac catheter cases in the Angiography Suite. All reports are reported by a team of Consultant Cardiologists and dispatched within 24 - 48 hours by special courier service in the London area. The Department also offers 24hr technician cover for acute emergencies.

### Availability:

Monday - Friday  
9.00am - 7.45pm

Saturday  
9.00am - 12.45pm

### Appointments:

020 7460 5755/6

### Facsimile:

020 7835 2431

### Chief Cardiac Technician:

Jeff Pickering  
020 7460 5756

### Services:

- Routine 12 lead electrocardiograms
- Exercise stress tests
- Echocardiograms with Doppler
- TOE (Transoesophageal Echocardiography)
- Paediatric echocardiograms performed by Consultant Paediatric Cardiologists
- Spirometry with & without bronchodilators
- 24 hour ambulatory ECG monitoring
- Remote transtelephonic arrhythmia monitoring
- 24 hour ambulatory blood pressure monitoring
- Pacemaker implant and follow up
- Hypertensive Package:
  - EGG, echo with doppler, 24hr blood pressure monitoring
- Myoview exercise tests in conjunction with the Nuclear Medicine Dept. (Myoview Scans involve a short half-life isotope giving greater sensitivity in the detection of minor cardiac defects)

*All tests require an appointment except routine 12 lead ECG's and spirometry. Printed request forms are available from the Department.*

## Chemotherapy Day Unit

The Department provides a service for the reconstitution and administration of chemotherapy agents, management of intravenous lines and also clinical advice and support for patients.

### Availability:

Monday - Friday  
8.00am - 6.00pm

### Appointments:

020 7460 5768/5769

### Facsimile:

020 7835 2429

### Head of Department:

Carole Patrick  
020 7460 5768/5769

### Services:

- Phlebotomy/Cannulation
- Bone marrow aspiration and trephine
- Insertion of PICC lines
- Management of patients with HICKMAN ® Catheter or GROSHONG ® Catheter and Port-a-Cath
- Day-case infusion and blood products
- Outpatient chemotherapy and coordination of inpatient chemotherapy
- Scalp cooling procedure for chemotherapy
- Venesection
- Cancer Recovery Programme

*HICKMAN and GROSHONG are registered trade marks of C R Bard, Inc.*

## CT Scanning

The CT 16 slice Brilliance offers the following benefits:

- High speed
- Advanced image analysis
- Excellent image quality
- Reduced patient dosage

The CT Brilliance delivers outstanding results in the following areas:

- Neurological, Hepatic, Orthopaedic, ENT and Oncological imaging
- 3D and Multi Planar Reformation Images
- CT guided biopsies

As well as routine (sequential and spiral) scanning, the CT Brilliance scanner offers the diagnostic modalities listed below.

### Availability:

Monday - Friday  
9.00am - 5.30pm

### Appointments:

020 7460 5613  
9.00am - 5.30pm

020 7460 5746

diagnostic.imaging@cromwellhospital.com

*Printed request forms are available from the Department.*

## Dialysis

The Dialysis Unit provides flexible twice-daily dialysis sessions for both inpatients and outpatients. The Unit has special facilities for dialysing hepatitis B & C patients. Full cover is provided for the Intensive Care and Liver Units for Haemofiltration and Haemodiafiltration services. Dialysis for visiting overseas patients can also be arranged.

### Availability:

Monday - Saturday  
8.00am - 8.00pm

24hr emergency dialysis  
for inpatients only

### Appointments:

020 7460 5966

### Facsimile:

020 7460 5967

### Head of Department:

Mohamed Drameh  
020 7460 5966

### Emergency Contact:

Mohamed Drameh  
07768 390776

### Services:

- Holiday haemodialysis
- Haemofiltration
- Plasma exchanges
- Peripheral blood stem cell harvesting and transplantation
- Continuous ambulatory peritoneal dialysis
- Molecular Absorbents Recirculating System (MARS) for liver failure

## Endoscopy

The purpose built Endoscopy Suite is equipped for video endoscopy and provides facilities for a comprehensive range of endoscopic procedures. ERCP's are performed in the advanced Olympus digital x-ray screening suite. Early 2008 will see the relocation and upgrade of the endoscopy suite to include capsular endoscopy and endoscopic ultrasound.

### Availability:

Monday - Friday  
8.00am - 6.00pm

### Appointments:

020 7460 5701

### Facsimile:

020 7460 5606

### Head of Department:

Amy Ng  
020 7460 5605

### Services:

- Upper GI endoscopy
- Bronchoscopy
- Colonoscopy
- Sigmoidoscopy
- Flexible cystoscopy
- ERCP diagnostic and therapeutic, including stenting
- Oesophageal dilatation & stenting
- Helicobacter Breath Test
- Colposcopy
- Argon beam therapy

### Direct Access:

- Sigmoidoscopies, Gastroscopies, Colposcopies, Helicobacter Breath Tests

*Printed request forms are available from the Department.*

## Gamma Knife Centre

Cromwell Hospital's Gamma Knife was the first in London and represents a major advance in brain surgery. It enables patients to undergo a non-invasive form of neurosurgery which usually allows them to return to their normal lifestyle the following day.

The Hospital has recently installed the latest generation of Gamma Knife technology, the 'Perfexion' which now enables us to treat tumours and abnormalities not only in the brain, but the head and neck region also.

### Availability:

Monday - Friday  
9.00am - 5.30pm

## Health Screening

Cromwell Hospital's Health Screening service includes a range of health assessments designed to identify illnesses and diseases before they produce symptoms and can give professional recommendations about health habits.

These assessments include **Executive Health Screens** which include a comprehensive analysis of health and fitness, with helpful advice and feedback. We also provide a **Menopause Screen** which is important for early detection of osteoporosis.

Our Health Screening Department is also able to design bespoke health screening assessments for both private patients and companies tailored to individual requirements. These **Premier Health Screens** are an in-depth analysis of health which can include screening tools such as CT virtual colonoscopy and a CT scan for Calcium Scoring. They can also include MRI of the head, pelvic and abdominal ultrasounds and other cardiac investigations such as echo cardiograms.

### Availability:

Monday - Friday  
9.00am - 5.00pm

### Appointments:

020 7460 5856

### Health Screening Co-ordinator:

Tom Sagdahl 020 7460 5856

### Email:

health.screening@cromwellhospital.com

### Services:

- Executive Male Health Screen
- Executive Female Health Screen
- Menopause Screen
- Premier Health Screen

## Infection Control

Infection Control Services Limited, a consortium of consultant microbiologists from UCL Hospitals provide advice on the management of patients with infections as a complimentary service to patients in the Hospital. The nominated Infection Control Doctor is Dr Geoff M Scott.

### Availability:

24hr

### Appointments:

020 7380 9914

### Facsimile:

020 7388 8514

### Bleep:

0800 679 402  
ask for UCH 339 (Dr Scott)  
or UCH 322 (Dr Ridgway)

### Mobile:

07900 896646  
(any Consultant)

### Services:

- Routine infection control services
- Operating theatres inspection
- Kitchen inspections
- Hotel inspections
- Infection Control Committee
- Infection Control Manual
- Antimicrobial advice
- Infection management

## MRI Scanning

The MRI scanner is a Philips 1.5T Magnet suitable for most routine MRI scans including: neuro, musculo-skeletal, breast imaging, abdominal and vascular scanning.

### Availability:

Monday - Friday  
9.00am - 8.00pm

Saturday

9.00am - 2.00pm

### Appointments:

9.00am - 8.00pm  
020 7460 5611

### Facsimile:

020 7835 2492

### Reports:

020 7460 5742/46

### Enquiries:

020 7460 5611

### Superintendent of MRI:

Andrew Griffiths 020 7460 5611

### Email:

diagnostic.imaging@cromwellhospital.com

### Services:

- All neurological scans, (head, neck and spine)
- MRA, intracranial & carotid
- Abdominal and chest
- Breast
- Musculo-skeletal scanning, extremities and joints
- Peripheral vascular angiography
- MR cholangio-pancreatography
- Diffusion
- Perfusion

*MRI scans available under sedation or general anaesthesia, by prior arrangement.  
Printed request forms are available from the Department.*

## Neurophysiology

The Neurophysiology team at the Cromwell are equipped to conduct the full range of investigations on the central and peripheral nervous systems. Using state of the art technology, including a new digital EEG system, the specialist team are able to investigate both adults and children. The Department has dedicated video and EEG monitoring suites, to assist in the diagnosis and treatment of patients with known or suspected epilepsy.

### Availability:

Monday - Friday  
9.00am - 5.00pm

### Appointments:

020 7460 5771

### Facsimile:

020 7835 2430

### Reports:

020 7460 5771

All reports are dispatched promptly.

### Head of Department:

Priya Singh 020 7460 5771

### Email:

neurophysiology@cromwellhospital.com

*Printed request forms are available from the Department.*

### Services:

- Both routine and sleep deprived EEG recordings
- Long term inpatient video EEG telemetry
- Electromyography and nerve conduction studies
- Evoked potential studies of the sensory nerves, optical nerve and auditory nerve
- EMG and NCS studies performed by a team of Consultant Neurophysiologists
- Polysomnography with CPAP

## Neuro-rehabilitation (see Occupational Therapy & Physiotherapy Sections)

## Nuclear Medicine

The Department offers a comprehensive range of Nuclear Medicine studies using the ADAC FORTE Gamma Camera.

### Availability:

Monday - Friday  
9.00am - 5.30pm

### Appointments:

020 7460 5745  
9.00am - 5.30pm

020 7460 5746  
5.30pm - 8.00pm

### Head of Department:

Pallavi Patel  
020 7460 5738

### Email:

diagnostic.imaging@cromwellhospital.com

### Services:

- Bone scans\*
- Myoview scans\* (Monday & Thursday or by prior arrangement)
- MIBG scans
- Octreotide scans
- Ventilation/perfusion scans
- Renal scans
- Thyroid scans
- Sentinel Node Imaging

Please call for details of other scans

*\*Please note: All injections have to be carried out in the morning because of the half life of the isotope. Monday and Thursday mornings are normally reserved for Myoview scans, unless no Myoview scans have been booked.*

*Printed request forms are available from the Department.*

## Nursing & Ward Information

Our nursing staff have experience of caring for both children and adults with a wide range of medical and surgical needs. The Cromwell nursing team is committed to giving the highest level of care to patients and are continually encouraged to enhance their knowledge and skills with relevant training.

The Nursing Department consists of 7 surgical wards, a High Dependency Unit and Paediatric and Adult Intensive Care Units with Level 3 capability. The Department also provides cover for the Paediatric and Adult Outpatient and Daycase units.

There is a team of RMOs who provide 24hr cover for the Hospital. In addition, there is 24hr Intensivist cover for Paediatric and Adult ICU. Further medical cover is provided by specialist medical officers in the major specialities.

### Head of Department:

Swati Shukla  
020 7460 5565

### Services:

- Full comprehensive pathology service covering all main disciplines
- Consultant Haematologist available for anti-coagulant control
- Bone marrow biopsies & clinical consultation
- Frozen section service available from Dr Paul Lewis Tel: 0139 91130 Pager # 747180

*NB: A copy of the Cromwell Hospital Pathology Guide can be obtained by contacting the Department or can be downloaded via the hospital website at: [www.cromwellhospital.com](http://www.cromwellhospital.com)*

## PET/CT Scanning

The Cromwell is the first private hospital in the UK to offer the new Gemini 'time of flight' PET/CT scanner with a unique open design.

Small tumours are detected with PET and then precisely located to surrounding anatomy with CT. By combining these two scanning technologies, physicians are able to detect disease earlier, determine the extent of the disease and assess response to and effectiveness of treatments.

### Availability:

Monday - Friday  
9.00am - 5.30pm

### Appointments:

020 7460 5542  
9.00am - 5.30pm

### Email:

diagnostic.imaging@cromwellhospital.com

*The department normally offers a 24hr report turnaround.*

*Printed request forms are available from the Department.*

## Radiotherapy

The Department has over 20 years experience in the provision of Radiotherapy Services. During 2006/7 the Department underwent a complete refurbishment and upgraded its treatment facilities with 2 Tomotherapy-Hi Art Systems®. The Hi-Art System integrates treatment planning, patient positioning and verification and treatment delivery in one system. This is a revolutionary new way of treating cancer, which uses a CT system with sophisticated software to locate and verify the treatment site prior to each treatment. Treatment is then delivered via a rotating beam of radiation that is constantly modulated to target the exact size and shape of the tumour. As with conventional radiotherapy all tumours are treatable using the Hi-Art system.

## Radiotherapy (continued)

Prostate Brachytherapy and Iodine therapy are also available. Orthovoltage for the treatment of skin cancers will be available early 2008.

### Availability:

Monday - Friday  
8.00am - 5.00pm

### Appointments:

020 7460 5626/7

### Facsimile:

020 7460 5622

### Head of Department:

Angela Gurd  
020 7460 5629

### Email:

radiotherapy@cromwellhospital.com

### Services:

- Specialist consultations
- CT scanning
- IMRT scanning
- Cancer Recovery Programme
- Superficial treatment
- Radioactive iodine
- Prostate brachytherapy
- Counselling
- Breast Care Nurse (see Breast Care Nurse section)
- PET-CT
- Orthovoltage (Autumn 2007)

## Sleep Clinic

The Sleep Clinic which was opened in 1988 provides a dedicated service to diagnose and manage all causes of sleep disturbance. The Clinic is principally involved with respiratory disturbances such as sleep apnoea, although also investigates other causes of excessive sleepiness. The services are provided by a team of technicians and Consultants. All investigations are undertaken by technical staff who monitor patients continuously throughout the night's study. The Department has recently acquired portable machines that can be used in the home to assess sleep disorders, such as snoring and sleep apnoea.

### Availability:

Monday - Friday  
9.00am - 5.00pm

### Appointments:

020 7460 5771

### Facsimile:

020 7835 2430

### Head of Department:

Priya Singh 020 7460 5771

### Email:

sleep.clinic@cromwellhospital.com

### Services:

- Full Polysomnography
- CPAP used to treat Obstructive Sleep Apnoea
- Full support from ENT Surgeons for surgical treatment of obstructions such as somnoplasty

## Speech and Language Therapy

The Department provides advice and specialist services for problems of communication (including voice), and swallowing disorders. The service is available to both adults and children, either as inpatients or outpatients. The Department works in conjunction with other specialist services where appropriate to support the integrated care of patients and carers.

In addition the Department holds Consultant led specialist clinics as follows. Please note that a medical referral is required for these: Children's feeding clinic, Diagnostic exam of swallowing for both adults and children

### Availability:

Monday to Friday

### Appointments:

### Chief Speech Therapist:

Daphne Pearce  
020 7460 5857/5771

### Email:

speech.language@cromwellhospital.com

### Services:

- Assessment and treatment of voice problems (Referral necessary)
- Assessment and clinical management of swallowing problems
- Assessment and clinical management of speech and language problems associated with neurological disorders, e.g. CVA (stroke), neurological conditions - Parkinson's Disease, Motor Neurone Disease, Multiple Sclerosis and head injury/neurosurgery
- Assessment and recommendations for alternative and augmentative communication systems
- Assessment and therapy for children with developmental speech and language difficulties
- Screening assessment and advice on fluency disorders

## Theatres

The main theatre complex consists of four operating theatres (one of which has Laminar Flow), four anaesthetic rooms and a five bay recovery area.

The Department is equipped to undertake complex major surgery including cardiothoracic surgery, neurosurgery and many other specialities.

The Theatre Department is staffed by a well established experienced team committed to providing a high level of service and care within a spacious pleasant environment.

### Availability:

Monday to Friday  
8.00am - 8.30pm  
Saturday  
8.00am - 4.00pm

### Facsimile:

020 7835 2450

### Senior Nurse Manager- Medical/Surgical Services:

Bernadette Bishop  
020 7460 5520

### Services:

- Breast surgery
- Cardiothoracic surgery
- Cosmetic and reconstructive surgery
- Craniofacial Surgery
- Ear, nose and throat surgery
- Endocrine surgery
- General and minimally invasive surgery
- Hepato-pancreato-biliary surgery
- Neurosurgery
- Ophthalmic surgery
- Orthopaedic surgery
- Urology and uro-oncology
- Vascular surgery

*Emergency Cover: 24hrs out of hours emergency on-call cover is provided by a Theatre Team and Perfusionist.*

## Therapy Department

The purpose built Therapy Department consists of the Cancer Recovery Programme, Massage Therapy, Neuro-rehabilitation (see Occupational Therapy and Physiotherapy sections) Occupational Therapy (see section), Physiotherapy (see section), and Speech Therapy (see section).

All therapy services comply with the standards of practice from the Chartered Society of Physiotherapy and the British Association of Occupational Therapy. All Physiotherapists and Occupational Therapists are registered with the Health Professions Council.

### Availability:

#### Physiotherapy & Occupational Therapy - Inpatients & Outpatients:

Monday to Friday  
9.00am - 5.30pm

Saturday & Sunday  
9.00am - 5.00pm (Physiotherapy  
Inpatients only)

#### Massage Therapy - Inpatients & Outpatients:

Please call for appointment  
availability

#### Cancer Recovery Programme:

Please call for appointment  
availability

#### Appointments:

020 7460 5749

#### Facsimile:

020 7460 5679

#### Head of Department:

Caroline Russell  
020 7460 5851

#### Email:

physiotherapy@cromwellhospital.com

### Services:

- Cancer Recovery Programme
- Massage Therapy
- Occupational Therapy (see Section)
- Physiotherapy (see Section)
- Speech Therapy (see Speech Therapy Section)

## Ultrasound/Vascular Scanning

There is a full range of Ultrasound investigations available provided by the Consultant Radiologists and Specialist Vascular Technologists. Routine Ultrasound includes all general scanning, interventional ultrasound, ultrasound guided biopsy, trans-vaginal and trans-rectal scanning. The Vascular Scanning Service is fully comprehensive and covers a wide range of vascular ultrasound investigations with Doppler.

### Availability:

#### Ultrasound scanning:

Monday to Friday  
9.00am - 5.30pm

Tuesday and Thursday  
5.30pm – 8.00pm

Saturday  
9.00am - 12.00pm

#### Vascular scanning:

Monday 2.00pm - 7.30pm

Tuesday 3.00pm – 5.30pm

Wednesday 2.00pm - 4.30pm

Thursday 9.00am - 11.30am

Friday 9.00am - 11.30am

For vascular scans at other times,  
telephone 020 7460 5746/7

#### Appointments:

020 7460 5746/7

Mon-Fri: 9.00am - 8.00pm

Sat: 9.00am - 12.00pm

#### Facsimile:

020 7835 2496

#### Reports:

020 7460 5742

Monday to Friday

9.00am - 7.00pm

#### Head of Department:

Pallavi Patel

020 7460 5738

#### Email:

diagnostic.imaging@cromwellhospital.com

### Services:

General Ultrasound

- Abdominal, pelvic, renal
- Renal tract with flow rates
- Thyroid
- Thorax
- Breast
- Transvaginal
- Transrectal
- Prostate biopsy
- Ultrasound guided biopsy and aspirations

Vascular Scanning – Arterial and Venous

- Pre-operative marking
- Arterial and venous duplex scans
- Carotid duplex scan
- Graft surveillance

For vascular scans at other times, telephone 020 7460 5746/7

Printed request forms are available from the Department.
